

EAST AFRICA ELECTRICITY

International Electricity & Power Trade Exhibition

12 - 14 NOVEMBER 2020

Sarit Expo Center - Nairobi
Kenya

Meet Exhibitors From 16 Countries

Visitors From East Africa!

Exhibitor Profile

- Cables & Wires
- Cable Accessories
- Cable Trays
- Electrical Cable
- Cable Ties & Tools
- Earthing Equipment & Accessories
- Plugs & Sockets
- Low Voltage Equipment
- Components and Accessories
- Transformers
- Transmission lines
- Bulbs
- Cable Boxes
- Cable Laying Equipment
- Electrical Power & Industrial Cable
- Cable Markers
- Electricals / Electronics
- Fuses & Fusegear
- Relays - Electrical Testing Equipment
- Switch Gears
- Generators
- Lighting - Outdoor
- Solar
- Automation System
- Motors & Generators
- Standby Generators
- Active Filters
- AC Spare Parts
- Gas Furnaces
- State Electricity Boards
- Electrical Meters
- Switches
- Switch Panel
- Ups
- Tubes & Accessories
- Control Gear

Visitor Profile

- Importers
- Re-Exporters
- Buyers
- Builders
- Senior Government Officials
- Decision Makers
- Manufacturers
- Traders & Retailers
- Agents & Distributors
- Developers
- Architects
- Technical Managers
- Engineers
- Researchers / Academicians
- Electrician
- Students & Educators
- Planning Engineers
- Facility Managers
- Industry Experts & Professionals
- Contractors
- Construction Managers
- Technologists
- Export Promotions Bodies
- Industry & Trade Media
- Interior Designers
- Structural Engineers
- Dealers & Merchants
- Consulate Members
- Embassies

Participating Countries

China

Canada

Germany

Malaysia

Egypt

Italy

Saudi Arabia

Taiwan

Russia

India

Turkey

UAE

Thailand

Kenya

South Africa

Visitors Statistics

TOTAL VISITORS : 1223

INDUSTRY WISE

**ELECTRICAL PROFESSIONALS /
ELECTRICAL ENGINEERS**

BY REGION

Kenya

Exhibitors Report

- 81% of exhibitors stated that their overall objectives had been met
- 82% stated that had been met or surpassed the number of inquiries received during 3 days of event
- 80% of exhibitors stated that they were satisfied with services / support extended by the organizer

Exhibitors Comments

■ DR. LUCA - TESAR SRL - ITALY

- We have participated at Kenya Electricity. The fair is really interesting!

■ MS. ODETTE - CABLERIE DAUMESNIL - FRANCE

- We are here for the first time & have been really enthusiastic. We have had more contacts than expected and have had very interesting discussions.

ABOUT KENYA

Kenya officially the Republic of Kenya, is a country in Africa and a founding member of the East African Community (EAC). Its capital and largest city is Nairobi. Kenya is located on the equator with the Indian Ocean lying to the south-east and is bordered by Uganda to the south, Uganda to the west, South Sudan to the north-west, Ethiopia to the north and Somalia to the north-east. Kenya covers 581,309 km² (224,445 sq mi), and had a population of approximately 45 million people in July 2014.

ECONOMY AND INFRASTRUCTURE

The strength of the tourist industry coupled with years of growth in manufacturing and services has made Kenya, especially Nairobi, the commercial center of East Africa. But after 4 decades of independence, most Kenyans remain impoverished citizens of a struggling state. The richest 10% of the population own an estimated 40% of the wealth. The poorest 30% own only 10% of the past, economic growth has not greatly improved poverty rates. Kenya has a relatively large middle class that resents repression and corruption from government sources but is fearful of anarchy especially in the face of interethnic clashes.

The social structure has been burdened by the influx of some 300,000 refugees from the neighboring states of Ethiopia, Somalia and Sudan. In addition, the population growth rate has only recently been reduced from 3.0%. More than half of all Kenyans are younger than 15 years old. Pressure on arable land is enormous. Creating employment for the number of agrarian workers relocated to urban settings will also be difficult.

KENYA GDP

Billion of US Dollars
